Last day of school for the year!

Friday - 23

No School! Christmas Break!

News and Updates

Weather! Below zero temperatures kept us inside all week and also kept the little ones from enjoying the fresh snow. The snow storm this weekend is keeping us from playing basketball and making travel to practices difficult. Please be safe this weekend!

Religion: In our two Christlight lessons this week, we studied the death of John the Baptist and the Woman who came to worship Jesus in Simon's house. In our two Faith Foundation lessons, we finished our study of the Seventh Commandment and began our study of the Eighth Commandment.

English: We are onto the 8th chapter in English. The 8th chapter has us classifying mixed pattern sentences and editing mixed tenses in paragraphs.

Reading: Tuck Everlasting - We finished the study guides this week. They should be turned in on Monday morning. Next week we are going to watch the movie version of the book.

Math: The 5th graders had lessons on simplifying mixed measures, reading and writing whole numbers in expanded notation, solving two-step word problems and finding averages. The 6th graders started out

Reminders...

- Children's Service - practice tomorrow from 9:00-11:00. Drive safely!
- Please have your child at school by 3:30 for the Christmas Service on Sunday.
- December school is almost over! That's something to be thankful for :)
- Jr. Choir sings @ St. Paul's in Jordan this Sunday! Please have your child there by 8:40 for warmups in the front of church. The kids will be sitting together at the front of church throughout the service. **Address: 100 6th St W, Jordan, MN 55352**

the week by measuring the circumference of random objects I brought from home. This led to their discovery of Pi. It was a good lesson. They also had lessons on subtracting mixed numbers with regrouping, dividing by a decimal number, decimal number lines, dividing by fractions, rounding decimal numbers, and mentally dividing decimal numbers by 10 and 100.

Social Studies: We finished our study on North Africa this week. The test was taken today and is yet to be corrected. The map test will be on Monday. Make sure your child studies the map during our -24 degree weather.

Science: We finished our study of Life Science last week and are now studying Earth Science. We began the unit by looking at light and space. We had a few "mind blown" moments when thinking about how far away planets and stars are and how big the universe is.

Picture Caption: Congratulations to Dylan M and Dylan J on their Patriots Pen essays. They took 1st and 2nd respectively and will now have their test scores entered into the district competition. On Thursday night, they were asked to read their essays at the VFW along with two other Trinity students (Morgan and Maggie) who also took 1st and 2nd in their class. The judges raved about the Trinity kids and how it really wasn't even a competition with the other schools in our area. They could have chosen multiple essays from our school alone. We are blessed to have such great students at Trinity. Speaking of which - Thanks for shoveling the sidewalk, Jack!
