Silent Auction! 7:00

News and Updates

Clean-up Day: Friday afternoon provided us with some nice sunny weather which was perfect for some outdoor activities. The 5-6 graders worked hard around the Bible Garden and then continued picking up sticks and rocks all the way around the church to the West side of the school. The campus is in great shape for this time of the year.

Religion: Our two Christlight lessons focused on Jesus' burial and resurrection. Our Faith Foundations lessons continued the study of Holy Baptism and then transitioned into the use of the Keys. Having just watched the Luther movie, it made for an interesting lesson as we studied Luther's explanation of the Keys.

English: We are onto our poetry unit! The students wrote three types of poems this week and shared them with the class.

Reading: The Phantom Tollbooth: We are almost finished with the book. Will they ever find Rhyme and Reason? Will the world ever go back to normal? Will the students realize the theme of this book? Stay tuned to find out!

Notes & Reminders...

- I've mentioned this to the students a few times, but I'll mention it here as well. Please make sure your child is showering every day and putting on an appropriate amount of deodorant. Many students are coming to school visibly dirty and odorously stinky.
- A note about the Silent Auction went home recently. Please look it over. Each grade has its own theme this year. The 5th Grade theme is **"In the Garden"**. The 6th Grade theme is **"Mexican Dinner Night"**. If you'd like to donate something on behalf of your child and the classroom, you are welcome to do that at any time. Just bring it right into the classroom.
- I made a change to the 6-8 grade singing schedule. We will not be singing on 4.30.17. That song will instead be sung by the Jr. Choir during the Joint Ascension service at St. Paul, Jordan. Please make a note of it on your calendars.
- MNSAA Accreditation - We will have a team visit us on April 24-25 to help us with our accreditation process. You may receive a phone call from one of the members on that team during those dates.

Math: The 5th graders subtracted decimal numbers using zeros, calculated volume, and rounded decimal numbers to the nearest whole number. The 6th graders calculated mass and weight, found the perimeter of complex shapes, and played the Sign Wars Game - an algebraic addition activity. Both groups also played a few fun math games on Friday. They were tricked into learning. (Insert evil genius laugh here)

Social Studies: We only had a couple lessons this week since there was no school on Monday. The students prepared for the test which was taken on Friday. There will be a map test on Monday. Make sure your children are studying over the weekend :)

Science: We finished our study of energy sources and prepared for the test which will be taken on Monday.

Picture Caption: Willy was spontaneously modeling the Bowling jerseys for the class. A picture needed to be taken. Take a second look at the cover photo. This is what we currently have in the 5-6 basket for the Silent Auction.
